Chameleon™

By Genesis Systems, Inc.

Chameleon™ functionality puts the power of **programming** in the hands of the **user**.

Chameleon™ empowers **users** with the ability to **change** how their application looks and acts **without** expensive **programming** changes.

End users can now...

Just Do It!

Want to add a data field to your application ....Just Do It!

Want to change the order of data fields ....Just Do It!

Want to change the order of the tabs ....Just Do It!

Want to change the placement of fields on the screen ....Just Do It!

Want to change the "tab" order of the fields ....Just Do It!
